FOSTERING LEADERSHIP

The prefects and prefect trainees are definitely having a great time. Can't have a prefect camp without gathering around the bonfire while roasting marshmellows

On the 28th-29th of October 2016, the school organized the annual prefects' camp. This year's camp was held at an outbound center called Grafika Cikole. The students departed the school premises at 1 p.m. on the 28th. All of them were enthusiastic about the event and all of them had wide smiles on their faces.

When the students arrived, all of them were welcomed with some drinks as they settled into their cottages. After all the students got cozy, the afternoon activities started. There were some games to help the students increase their confidence, leadership skills and also teamwork. All of the prefects had tremendous fun during the games. After dinner, the students huddled around a campfire and exchanged stories. All of them were drained by the time they were going to sleep. The next morning, the day started off with a trek. The activity warmed all of the students up as a day of activities awaited them. The activities on the second day ranged from flying foxes to walking bridges.

The students arrived back at the school later that afternoon and all of them seemed satisfied with all the fun they had. BY: Kyle Sec 4
